## **MEMO:**

**Regarding: RENOVATIONS AT GRACE MANOR**

**Distribution: GRACE MANOR RESIDENTS, FAMILIES, AND STAFF**

**From: Justine Dudziak, Administrator Grace Manor**

---

In early December, we communicated that renovations would be commencing at Grace Manor. Shortly after that, we had an outbreak of COVID-19 and the renovations had to be put on hold. Now that the outbreak is over, the renovations are set to begin again.

The resident home area renovations will begin on Tuesday, February 22<sup>nd</sup>. We anticipate these renovations to take approximately 3 weeks to complete, however this is a projection and renovations may take longer. We will do our best to provide minimal disruption to our resident routines, and we appreciate your patience through this process.

### **The following upgrades will be taking place:**

1. Installing new hand rails, and bumper guards, including adding Acrovyn wall protection between the railings and the bumpers in the hallways;
2. Refinishing the wood in the nursing station;
3. Replacing the flooring in the dining room and carpets in the hallways; and
4. Painting of corridor walls.

In late 2020, Grace Manor received approval and additional funding as part of the Investing in Canadian Infrastructure Program to complete renovations in our home to enhance Infection Prevention and Control (IPAC). In early 2021, we provided both residents and families with the opportunity to help us select flooring for both the resident home area and the dining room, as well as wall protection colours (wood-like finish).

We are so very excited to being these renovations and to provide our resident home areas with a fresh look, that aligns with IPAC best practices. We appreciate your patience through this process. Should you have any questions or concerns, please do not hesitate to contact me directly.
