

**Grace Manor Family Council  
List of Alternate Service Providers  
Date: July 28, 2022**

**Context**

Grace Manor has contracts with third party service providers (dental, foot care, hearing, eye care) who come to the home on a scheduled basis and provide on-site service for residents. You can get information on these service providers and upcoming mobile clinic dates from GM Staff.

Some residents/family members have chosen to deal with alternate service providers from the local Brampton community.

Here is a list of professionals that have been recommended by fellow Family Council members. Some of these folks provide on-site service. In other cases, the resident needs to go to their clinic.

We will update this list as new information is shared with us at Family Council.

If you have someone whose services you would like to recommend, please send us their info: [gracemanorbramptonfc@gmail.com](mailto:gracemanorbramptonfc@gmail.com)

This list has also been posted to the resources section of our Family Council website: <https://www.hch.ca/gm-family-council-resources/>
