Some family stated a refund should be in place. Aleksandra also informed members that once the new FM entrance is inspected, people will be re-routed into the new entrance and all FOBS and keypads will be accessible. (hoping early March). She also mentioned the Town Hall meeting for February 23 if anyone is interested. Update provided about Sellinor Ogwu (previous Director of Resident Care) who has taken another position for the Region of Peel-we wish her every success! Plans in place to fill her position. Additional funding came for our nursing practitioner program so now we have x2 nurses who will be assigned to each manor. The train simulator will be staged and loadable programs will be installed. Once we stage the area, we will add signage and create posters and awareness to the program once we get things in place-will add some balloons and maybe tie it in with the wishing well plans as they are in the same area. Music and Memory program has been established and staff will receive education in April and or May for x2 webinars 2 hours in length. We will pilot this project for residents who meet the criteria. For both FM and GM. ● Open Discussion-(15 min)-various challenges with technology for the evening! SG has informed me she has to step down from RAPS sub-committee for now. |
